PM¹ refers to any Park Model.

DT² refers to any Destination Trailer.

RV³ refers to any recreational vehicle, such as motorhome, travel trailer or 5th wheel.

This chart applies to Camping Units that are in the park as of 8/1/2021.

Any units coming into the park after 8/1/2021, will need to abide by the most recent requirements.

****An extension of time for the year of removal, as well as the ability to be sold on site, may be considered for units in the park as of 8/1/21. Extensions require annual approval, which allows 1 additional year, with a maximum of 5 possible extensions. Annual approvals for an extension will be granted ONLY to units that appear brand new in appearance, and are to code for state, town, and campground requirements. There may be no signs of aging, such as, but not limited to, discoloration or oxidation of siding, decals peeling, unrepaired damage, etc. to qualify for extensions.**
